My Dear Friends,

March 30th I was headed to Huntsville, Al for our LPA Regional meeting. In Chattanooga, Tn; on I-75 a man lost control of his car and hit my van in the left rear, I began to spin like a top & was headed toward a guard rail toward my side. I thought "I'm going to get hurt". I prayed apostle Peter's prayer "Lord help me" and the van spun around, the rear hit and knocked me back across the road toward the guard rail but putting my break on lightly, I just barely bumped the rail. I thank God his angels protected me from getting hurt. I thought my van was totaled but I got out and was amazed that the van would be drivable if someone would change the tire that blew out.

The man that hit me was very kind and helpful and put my spare tire on. I made it home safely. I'm crying in my heart today that I didn't make it to the little people's meeting. I was hindered because I really believe God was going to let me lead someone there to Christ.

God has refreshed my burden to see more souls saved and I'm seeing that in recent weeks. God has saved 7 souls and a great number has come forth weeping, getting help. To God be the glory. I know that's why the devil is trying to hinder us through all these adversities. I John:4 : 4 Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world.

Cathy and I will be very busy traveling to our meetings all the way up till time for our 2012 National LPA Conference, the week of July 4th in Dallas Texas. The national conference is very expensive to attend. Please pray the God will speak to hearts to help us with this financial need. I trust and pray that God will help me see them be converted to Christ and in our evangelistic meetings as well. In all that has happened in our travel lately, Cathy and I certainly need your prayers. On

Sunday night, March 25th as we were returning home from meetings in the area of Shelbyville, Tn, around The Tunnell Hill, Ga exit area we had a blowout on a back dually (inside) tire. Again, God took care of us here and we made it home safely with the other 3 back tires holding up. We didn't feel any pull or difference in the drive. The 4 back tires were the tires that came on the motor home and were dry rotted in areas. For common sense, we replaced the 4 back tires a few days later at the cost of \$1800. The front tires were replaced last fall. We're very grateful and blessed to have this motor home for traveling to our meetings.

I may not be able to get another newsletter out to you until after our National LPA Conference in July. I'm letting you know that our schedule for the next 3 months is very busy so you know we need your prayers. Your prayers makes a difference in what God does in our ministry and our life.

Cathy posted on Facebook about my accident. Thanks to all for the response, notes and that you'd be praying for us. One of the most touching was a missionary that said God woke him up early that morning with a great burden to pray for me & he prayed all day for us. Many times God has burdened my heart to pray for someone and later to find out they were going through a trial or hardship.

May God keep all of us safe from any harm in these last days. I love and appreciate all of you very much.

With our Love and Prayers,

*Bro Bobby & Cathy Brindle*

P.S....Calvary Baptist now sends our newsletters out, but our support still comes to our home address at: Dr Bobby Brindle, 1111 Maple Grove Church Rd, Chatsworth, Ga 30705

**And this is the confidence that we have in him, that, if we ask anything according to his will, he heareth us: - I John 5:14**
