Reaching London. Reaching the World.

The first baptismal service in more than fifty years has been a success! One of our church men provided the funds needed for a baptistery! What a thrilling moment it was for our church to see a baptism. Two more young people have accepted Christ as Savior. Virtually every Sunday has seen new visitors, and combined attendance on Sundays is over 40! Renovations are underway at both properties, and a spirit of excitement is in the air. We have also moved ahead with a new church name and logo.

MINISTRY UPDATE

LONDON

Thanks to your generous giving, as well as the sacrifices of our people, a new church heating system is in place at the Westbrook Chapel property.

EURASIAOUTREACH

We have printed an extensive quantity of Bibles in the nation of Tunisia. Our partnership with the Eurasian Bible Fund has allowed us to take advantage of a vital opportunity to advance the Word of God in another Arabic country.

NEEDS

Pray for our church as we move forward with asbestos repairs and implement other needed renovations. Also, pray for our safety as well as the safety of our national partners. There are constant, ongoing needs in this area. Finally, we ask that you pray for growth in our London church. We believe that we are poised for a major increase in the months ahead. We need to teach and excite our people here about world evangelism and the Great Commission.

THE BUNNELL FAMILY

The Bunnells are twelve year veteran church planters currently serving in London. They previously spent seven years in the former USSR. Andrew also serves as the Eurasia Coordinator for BIMI. Reach them on their Vonage phone at (469) 252-3748. London is five hours ahead of the Eastern Time Zone.
