

Metro Manila--18 million

THE PHILIPPINES

Philippines--86 million

David & Virginia Diamante—in the heart of Metropolitan Manila

January-February, 2011

Dear Brethren at Open Door:

It is beginning to warm up here in the Philippines, while we hear that many of you are still having snow. The wonders of God's creation and handiwork! Nothing by chance, and everything by His plan and design.

In these few days into 2011, it seems to be a great year. God has already saved a man we had been praying for for some time, the husband of one of the ladies who was baptized last year. Also, a man who has been attending for a while with his wife and two small daughters has been saved. They are both in their middle 30's. Pray for them, Jerry and Fernan, as they are both already facing persecution because of their new-found faith.

The work in Bulacan is showing some progress. A young woman was saved a couple of months ago. At the time she accepted Christ, she was living with a man by whom she had two children. A few weeks ago, she and the man were married. She said that God was continually speaking to her about it. We hope to be starting a mid-week service there, shortly, plus continuing the service we already have on Saturday afternoons. Pray that God will send a full-time worker our way, one that can live there and follow-up on the contacts on a daily basis.

Precepts Educational Academy is busy, busy, busy. At the end of the year there are a lot of activities. We are getting ready for our fourth high school graduation. So far, we have one graduate taking a college course in Hotel-Restaurant Management, two in Physical Therapy courses, one in Architectural Engineering, and one in a Social Services course. They are all excelling in their chosen studies. The two graduates this year will be going into Occupational Therapy and Languages/Education courses. All of them were saved by the time they graduated.

Thank you for your prayers for us and your continued support in these difficult, economic times. May God's supply, always be sufficient for you.

Thank you for the support of \$ 1150 in  
December, for your Christmas gift of \$ —,  
and for the support of \$ 50 in  
January.

FOR CHRIST ALONE,

The Diamantes
