February 2012

Dear Friends in Christ,

Greetings in Jesus name!

I felt impressed to do something different in this letter. We want to share a blessing and see how God multiplies His work.

About two years ago I reworked some kitchen drawers on a job our son was doing. The owners were a young couple with two small boys. One in the couple had been having an affair, and the marriage was headed for disaster. I won the young lady to the Lord one day and counseled with her about their marriage. Her husband wasn't saved. We then counseled with the husband, then the two together. We tried to win the husband, but he thought he was alright. I talked with him later, but it always ended the same way; a profession when he was young.

His wife told him she had been saved, and he said to himself, "Yeah, right." Later the husband does get saved, and they have made it! I talked to them separately the other day and they were so happy. They described their relationship as "great." They are studying their Bibles and attending church regularly. She said she never thought she would see her husband studying his Bible.

To add to the blessing, they have been telling their story to others and helping them. Before, they had a marriage headed for the rocks with two small boys, victims themselves. The salvation of one changed and preserved the marriage, caused the other to be saved, gave hope to two small boys, (and a little girl since their salvation), and help for some other couples having similar problems. Praise the Lord for multiplication.

We have been preaching at the prison, and the chaplain wants me to start teaching some two-hour, twice-a-week Bible studies. We're looking forward to that.

May will be our forty-fifth year in missions. We surrendered to missions in Tyler, Texas when Bob Sensat was our pastor in 1967.

Our Prayer Booklet is being use by many and by some in other countries. Please pray for the world God sent us to reach.

Thanks for being a part of our ministry by your prayers and support.

Yours for the unreached,

Bro. Hicks
