April - July 2011

Dear Friends,

Let me start by saying thank you for all of your financial & prayerful support. Without you it would be impossible to do this ministry.

This has been a very busy four months, and I know we are a little behind on our prayer letter and for that we apologize. We have seen the Lord work in many wonderful ways in all the meetings. The alters are filled and folks are being saved, and we give God the glory, it’s because of Him.

In April we started off in Michigan, then to Texas, then back to Mississippi to a great mission conf. At Central Baptist in Hattiesburg where four were saved and one surrendered to the mission field. Praise the Lord for His presence. Then back to Texas where two more were saved at Mc McCauley Avenue Baptist. The Lord sure did stir the Church up at that meeting the alters were full every night. I sure do like it when the Big preacher shows up. We ended the month up in Louisiana. We were able to go back to a church that we helped start about two years ago. We held a couple of soul winning classes. Their were three other churches that attended. We ended up with about forty people, we all spent the rest of that Saturday visiting Door to Door. I was also able to preach a couple of services there for Bro. Hewitt. We had a wonderful time, they all were a great blessing to us. I was able to witness at one of my favorite places, the Laundromat. I was able to lead a man to Christ who had been a drunk all his life. He said no one had ever told him the story of Christ. He was wonderfully saved, as he stood and wept. I will tell you we have seen people saved in most of our meetings in the last four months, and even now as I speak we are in Niota, TN. in a meeting. On Sunday two where saved in the Morning & Evening service’s, the Holy Spirit is moving in mighty power. God still does work in a mighty way.

I will ask you to continue to pray for our physical health conditions, Wanda stepped out of the motor home door and snapped her calf muscle into, She now has a cast on her leg for the next 7 to 10 days and cannot be up on it at all. I am still having some trouble with my hip replacement, and have been doing some therapy on that. Please pray that the Lord will give us strength as we go through these minor difficulties.

Please pray for Bro. Heard and the folks at Temple Baptist in LA. As they seek the Lord’s will on starting a new work in Oppalausas LA.

His Servant’s , The Kendrick’s

Support recieved
April - July = 400.00
Thank-you!
