

KING'S KATCHUP

To "catch you up" on the Gospel work of Jim and Pat King

Dear Friends of this ministry,

THANK YOU for your continued support of the Lord's work; the Brazilian literature ministry and the jail work. This time we mention the visual aids we are using. On our Web site we have our paper and PowerPoint Bible studies in Portuguese.

For a long time we could teach using lap tops and projector. Then they had to stop that because some had misused their computers. We can no longer take our equipment into the jails. However, the jail does have their projector and

Pat holding a still shot taken from a PowerPoint gospel presentation. The women like the illustrations that help them to understand some Scriptural truths.

we can at least use jpeg pictures made from presentations, but not the presentations.

It is true that a person retains more of what he or she sees than what that person only hears. Even though we work with adults, their understanding is shallow because they are hearing Bible truths for the first time.

There are some who are growing in their Christian faith and are ready for some advanced teaching and we are trying to help them also.

Our ministry at the downtown mission is a bit harder because so many come high on drugs. But they are hearing also!

What Does the Shed Blood of Christ Do for Me?

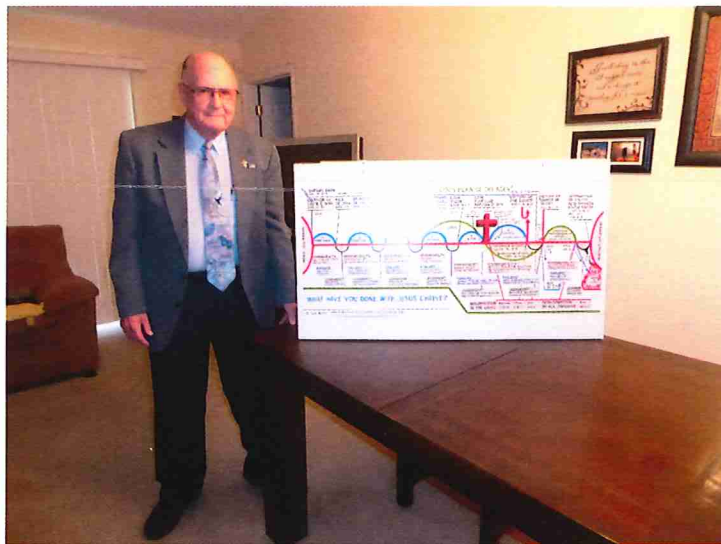

Some answers to this question from the Bible.

We can use "jpegs" made from PowerPoint presentations. Some inmates copy down the outlines and Scripture verses.

Sincerely in "CHRIST"

A Bible chart helps the inmates to see how God has worked through the ages and understand what He has accomplished for us on the cross.
