December 2018

Dear Friends in Christ,

Another year is almost finished!!! Can you believe how fast time seems to get by?

During our deputation, I preached a message from 2 Kings, chapter seven and verse three. This is the way the story goes. The Syrians warred with Israel and are encamped outside the city of Samaria. The people of the city of Samaria were starving. Outside the gate are four leprous men. They are in the same predicament the city is in. They are starving also. The four men realized that if they went to the Syrian camp the worst thing that could happen would be their death. But since they were going to die of hunger anyway, it was worth the risk. They go to the Syrian camp and find there are no men there. THE Lord sent a great noise of a large host and the Syrians fled and left everything behind: food, clothing, everything. The four lepers starting eating and drinking gathering up silver, gold, and clothing.

Then they said one to another, "We do not well. This is a day a day of good tidings and we hold our peace. So they tell the porter of the city the situation and the porter tells the kings family. The city is saved.

The four leprous men came to their senses and realized they were obligated to help the city. They had the means to do that. That's our situation today. We have the means to help the missionaries reach the lost. The condition of the city caused the men to realize their responsibility and that they had an opportunity to help. Our world is starving for the gospel and we have the means to do something about it. Missions is "GO," and we need to support the missionaries God has called. We have been in faith promise missions for many, many years. Even though we have served as missionaries, for more than fifty years, we feel the obligation to support other missionaries financially.

If you haven't been helping missions financially, I'd encourage you to do so. God will bless you just as He does when you tithe.

Yours for souls
Lord. We're not

P.S. We were able to lead one of Lucille's grandsons to the
