

Missionary to the Himalayan People

Greetings to all of our church family in the name of our Lord Jesus Christ.

By the Grace of God my family and I are doing well even though there are so many fears, confusion and anxieties during this pandemic crisis that has now effected the entire world.

There has been one benefit of the lock down since March 2020. I have been able to spend quality time with my family loved ones and was able to visit all of my church members homes. There having bible classes together and reflecting on the grim reality that surrounds us, I realized how precious and valuable it is to have such a loving church family. At a time like this where the whole world is filled with chaos and uncertainty Jesus Christ is our only hope. He is our healer and our protector who is in control of our lives. We should always trust in him in all things. Trusting for the protection of our lives from this pandemic, let us look beyond the horizon and remember that He knows whats best for us.

This whole situation has become so uncertain and none of us have any idea how long is this going to last. Each and everyday the virus is spreading and the number of people affected is increasing day by day. As the number of infected people continues to grow the lock down continues in our State. Due to this, travels are restricted and when they will resume we do not know. However I am keeping in touch with our fellow missionaries in Arunachal Pradesh, Bhutan, Nepal and Myanmar and other countries praising God that every one is keeping safe and covered by the precious Blood of our Lord Jesus. Due to this pandemic college and school are still closed.

These students, church family, and children are spiritual believers in the faith of our Lord and are our family, our *sons* and *daughters*.

Our *daughter* Priscilla received her 12th grade exam result and passed. She is planing to pursue her studies in nursing. Our *son* Samuel will be pursuing his theology in Nagaland Baptist College. Our *daughter* Esther is preparing for her final 10th grade exam. All the others under our leadership are taking online classes, Amen.

Please continue to pray for our Immediate needs. I understand even though many are going through a tough time losing jobs and business closings let us all stand together united in the faith and praying for each other's continuous work for our Lord's Kingdom. Thank you and God Bless you.

His Servant
