

THE BUNNELLS

September Letter

Prayer Needs

God is blessing the ministries in London. However, they could use your prayer and financial support during this time. One of the churches we have helped to revitalize is in particular need of \$5000 to complete urgent building renovations. This need has to do with unexpected electrical wiring issues which affects the integrity of the building. Please see our giving information below, and consider giving if you can. Just be sure to make a note that says "London," either on the check or though the online portal. Pray for our missionaries around the world. They are facing an existential crisis with closed borders, broken down air travel, and collapsing opportunities for support. Please pray and give faithfully, so that the Great Commission can continue to go out.

News From the Agency

Our team has launched a new medical missions outreach. CompassionMedical.org A virtual race is coming to raise funds for this ministry. The outreach works through local churches to connect Christian medical professionals to each other globally, with the end goal of planting churches, evangelizing the lost, and making disciples. We are actively developing leadership training partnerships with strong Bible colleges and seminaries to train a new generation of global leaders online via Zoom and other forms of technology.

MISSING LONDON

Saying goodbye to the United Kingdom and coming back to the United States to lead an entire community of missionaries is a step up in responsibility! Doing it in 2020 during a global pandemic has made the transition surreal at times.

We are now doing more global mission work than ever before. Here is just a brief sample from the last few weeks of the work we are doing either through virtual meetings or in person: preached for churches in London UK, Georgia and Texas USA; encouraged and visited with missionaries in Hong Kong, Canada, the Pacific Northwest, California, South Africa, Argentina, Armenia, Australia, New Zealand, Indonesia, Russia, and India. We have also recruited missionary families to go new places around the world including Europe, Central Asia, and the Middle East. Most importantly, we have seen people come to faith in Christ through this period, and have stayed actively engaged with our church in London by helping them with a variety of needs through this time. Our mission work has exploded! God called us back to lead, equip, and to be global in our vision. But, we still miss our life and people back in London. We are doing well...but, never forget to pray for your missionaries who go through cultural reentry. It's not easy. Once you've broken out into foreign missions, you never lose your heart for the nations.
