Dear Friends in Christ,

Greetings in the name that's above every name. The name everyone needs to hear about: Jesus Christ.

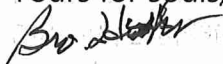

I never cease to be amazed at the world, even though I understand the problem. When you are saved you can't understand how the lost think, especially when you've been saved for many years as I have been, sixty-six years. However, we were there: not thinking about our need, and, frankly, not even realizing we were in a dangerous position: lost and not really aware of it. But thank God for the precious Holy Spirit who can open your eyes and make you aware of your sin and lost condition! How all need to have that knowledge which comes only through the gospel.

Some precious friends recently came home from the mission field after forty-five years in Haiti: Don and Bridgett Dryden. We were there for four terms and we were very close friends: like family. Don, Bridgett and Benji lived with us on the boat for three months. After the first five years in Haiti we moved up north near the Drydens. Our churches worked together at times visiting all the houses in an area.

Now Bro. Don has some physical problems and they needed to come in. Their sending church, Grace Baptist Church in Baldwin, Florida is building a house for the Drydens. Back when the church started raising money for that project, I told the pastor I'd build the cabinets for them. So I took the time to be a blessing to these faithful servants of God.

Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!, Isaiah 5:20. If you are opposed to abortion, you are bad. I notice the humane society people are okay with abortion (killing a baby) but don't mistreat an animal! That's the lost world.

Yours for souls,

Bro. Daylon Hicks
