## June Prayer Letter

Dear Friends,

Thank you for your prayers and faithful partnership in helping advance the good news of Jesus Christ around the world!

Since our journey to Ukraine in April, we have seen God do some incredible things through your giving.

- Three full-time local evangelists funded and deployed (for 1-yr) to reach the **10,000's of Ukrainian refugees** in Berlin, Germany
- Many **tons of food** delivered
- Medicine, equipment, and supplies delivered across Ukraine
- Two vans purchased and operated by churches in Eastern Europe and Odessa, Ukraine
- **20,000 Bibles and NT's** ordered to be distributed

We cannot believe how much God has done in just a few months!

### Incredible Story

Back in April, on our way across the border into Ukraine with 6-tons of food, we were delayed 4-hrs. While we were waiting, **one of the guards directed us to a nearby school** in the city of Lviv (where he was a former student of) which was housing a group of refugees. Providentially, we were unable to make our intended destination with the food/supplies. God allowed us to meet the director of the school, and we gave her all that we had. We were able to share the Good News to people who did not have access!

We have since built a relationship with the school and **opened up doors to ten more schools** in the city of Lviv! Now we have an open invitation to go back any time with short-term volunteers to help (eg. with child care, VBS, medical training, pastoral assistance, teaching/preaching, and literature distribution). **God opened some amazing doors of utterance!**

Will you come to Eastern Europe this year or next and just simply show up to see what God will do when you take the light into darkness?

If you can't go, will you give and pray?
