Dear Friends in Christ'

Greetings in Jesus name!

Our State Department has an alert on Haiti for American visitors. Don't go! However, the problem with kidnaping is usually always in the larger cities; especially in Port-Au-Prince where there are several gangs. They kidnap for money then buy the automatic weapons. The gangs are better equipped than the police or army. Some say there are police and army men in the gangs.

Our trip to Haiti was very productive. We had one saved the first Sunday and two the second Sunday. I was there for the final week of Bro. Wall's Bible School. I taught two classes each day for that week. I have been able to retain my French-Creole so I could teach and preach. Then the following week we had a men's meeting each day. We averaged fifty-two men each day. On the final day, Bro. Wall gave the invitation to those who had never been saved, seventeen men came forward! We were both thrilled and surprised to see that many come forward! Praise the Lord! The Lord is still in business and we are blessed to be along as He works and gives the increase.

We also went to Louisiana for the annual S.M.I.T.E. meetings for a week. We had the usual classes all morning, study for a while after lunch, then go out and have Bible clubs each day. Services the evening were from 6:30 P.M. until we got finished.

We had 535 kids attend our Bible clubs with 131 trusting Jesus Christ. Many of these kids live in bad situations and their likelihood of getting the gospel otherwise is slim.
