

A PREACHER'S FRIEND MINISTRY

DR. TERRY KENDRICK

December 2021-May 2022

Dear Friends,

I want to apologize for running late on the quarterly prayer letter. A lot of exciting things have happened in my life since the last one. The Lord has placed a wonderful lady in my life named Jackie. We have been seeing each other for almost a year, but have known each other for many years. She is a wonderful Christian lady who loves the Lord and has been faithful to Him for many years. We were married on March 18, 2022! It has been wonderful since! She has been a great encourager, an asset to my ministry, and the churches we have been in have loved her to death! I am eager for everyone to meet her! She is a blessing. Needless to say, there was a lot of planning going on a couple months before the wedding, and our lives have been very busy since.

We have had some wonderful meetings with the altars full and souls being saved. Back in December of 2021, I was in Florida and Georgia. We had a wonderful meeting with Bro. Ellinburg in Bainbridge, GA. While in Florida, I was with Bro. Ken Pledger, as well as Bro. Brian Noloes in Panama City. I moved to Tennessee in January, and after that was with Bro. Marcus Williams in Albany, KY, and Bro. Travis Simpson in Byrdstown, TN. These were wonderful services! In February, I was preaching a camp-meeting at Gulf Coast Baptist, Pastor Aaron Harris. The Lord moved in a great way there through all the messages from great preachers. Then in Ocean Springs, I was honored to preach a missions conference for Grace Baptist. The altars were full each night, and faith promise increased. To God be the glory! I was at a revival meeting in Arkansas with Bro. Joe Smith, and he said it was the best meeting they have ever had! It was on to Texas, where we held meetings in Mesquite, San Antonio, and New Braunfels. Finally, on May 22, I will be in Jackson, AL, with Bro. David Webb.

In closing, let me say thank you for your patience and faithful support. We do not say this lightly. I am aware we are living in troublesome times, and the cost of everything is rising. Our ministry certainly feels it just like everyone else's. Our fuel bill alone doubled from last month to almost \$1,300! In saying that, we truly appreciate your faithful support, and know it takes great faith to continue to give. We thank you with all of our heart. Please continue to pray for revival, and souls to be saved.
